IT IS ORDERED that Cumberland Cellular Telephone Company, Inc. ("Cumberland Cellular") shall file an original and 10 copies of the following information with the Commission. The information requested herein is due no later than September 23, 1988. If the information cannot be provided by this date, Cumberland Cellular should submit a motion for an extension of time stating the reason a delay is necessary and include a date by which it will be furnished. Cumberland Cellular indicated a change in location of its proposed cell site from Mill Road, 400' North of Cavanaugh Lane, Crofton, Kentucky, to State Route 107 in Christian County, Kentucky and stated "the change in location was made to better cover the areas and major travel routes in and around the city of Hopkinsville."

1) Has Cumberland Cellular considered another location for the cell site which will cover the same area as the proposed one, but where houses are not within a distance equal to the height of the tower? If the response is no, explain why.

2) If an alternative site as described in question 1 was considered, explain Cumberland Cellular's reason for proposing the cell site at State Route 107 in Christian County, Kentucky.
